Workforce & Career Services

Workforce & Career Services

Who We Are

- Our mission is to provide educational services that lead to better jobs, better lives and better communities.
- We have over 55 years of experience serving individuals and families in need.
- We work with farmworkers through the National Farmworker Jobs Program (NFJP), offering educational services and job training to thousands of farmworkers and their families.

Workforce & Career Services

What We Do

- We offer a variety of services through our three lines of business:
 - Early childhood and family support programs
 - Workforce and career services
 - Housing and financial empowerment
- We have more than 100 locations in 11 states and serve over 20,000 individuals every year.

Workforce & Career Services

Our Workforce & Career Services Program

- Job training and career counseling to help empower individuals and families to thrive in their communities.
- NFJP services to migrant and seasonal farmworkers who are either citizens or authorized to work in the U.S.
- Support to individuals that have multiple barriers to employment, such as out-of-school youth and rehabilitated adults transitioning into the workforce.

WORKFORCE &
CAREER SERVICES

Workforce & Career Services

Benefits of Partnering with Telamon

- We provide intensive case management services to eligible customers.
- We offer flexibility with our funding, such as supportive services, NRP's, emergency services, and much more.
- We speak the native language of the customer allowing for a more personal rapport.
- We are accustomed to working with populations that have multiple barriers to employment.

Workforce & Career Services

Benefits of Partnering with Telamon

- We offer complementary services for programs aligned to in-demand career pathways.
- We practice a holistic approach to helping customers.
- We are evaluated on the same measures and have successfully worked with Priority of Service populations for a long time.
- We provide extensive support to participants to help increase the likelihood of a successful outcome.
